**ACTIVE CONSTITUENT: 1020 g/L Polyether  
modified polysiloxane**

Nonionic surfactant for use with Glyphosate and certain  
Brushweed Herbicides to improve coverage, penetration and  
uptake on brush and woody weeds and ryegrass.  
Also for use with fungicides, insecticides, miticides and Foliar  
micronutrients as per the directions for use table.

## DIRECTIONS FOR USE

The use rates of Silken are given as a guide only. Always refer to the label of the product where the addition of an organosilicone penetrant such as Silken is recommended.

Situation	Rate	Critical comments
<b>Herbicides</b> Cloprialid (eg Ken-Trel 300, Ken-Trel 750)	Handgun 200ml/ 100L spray mixture	Add Silken to the recommended label rate of the herbicide for the control of weeds as per the label direction for those products.
Cloprialid (eg Ken-Trel 300, Ken-Trel 750) Glyphosate (eg Ken-Up Aquatic 360, Ken-Up 450 CT, Ken-Up 500 Flexi Ken-Up Dry 680) Metsulfuron (eg Ken-Met 600) Sulfometuron methyl	Boom 200-500ml/ 100L spray mixture	
<b>Fungicides and Folar</b> <b>Micro-Nutrients</b>	30-60ml/ 100L spray mixture	Use higher rate on hard to wet surface and with water volumes less than 400L/ha
<b>Insecticides and Miticides</b> Imidacloprid (eg Savage 200 and Savage 350)	200ml/ 100L spray mixture	Refer to the Savage label for specific directions for use on cotton

**NOT TO BE USED FOR ANY PURPOSE OR IN ANY MANNER CONTRARY TO THIS LABEL UNLESS AUTHORISED UNDER APPROPRIATE LEGISLATION.**

## GENERAL INSTRUCTIONS

Silken is a highly efficient penetrating surfactant suitable for use with most agricultural chemicals, including herbicides, insecticides, fungicides, miticides and foliar micro-nutrients unless otherwise stated. It improves efficiency by enhancing their penetration and uptake. While Silken is a highly efficient surfactant, factors such as timing, weather conditions, method of application and/or mixture with chemicals not specifically recommended are beyond the control of the seller.

Therefore, the user should carefully observe spray deposits, rate efficiencies, compatibilities and effectiveness in initial applications and adjust the rate of Silken accordingly.

## MIXING

1. Mix herbicide/fungicide/insecticide/micronutrient product with water when tank is about 30% full.
2. When tank is nearly full add Silken.
3. Complete filling tank.

## PROTECTION OF WILDLIFE, FISH, CRUSTACEANS AND ENVIRONMENT

DO NOT contaminate streams, rivers or waterways with the chemical or used container.

## STORAGE AND DISPOSAL

Store in closed, original container in a well-ventilated area. DO NOT store for prolonged periods in direct sunlight. Triple or, preferably, pressure rinse containers before disposal. Add rinsing's to spray tank or knapsack mix. DO NOT dispose of undiluted chemicals on-site. If recycling, replace cap and return containers to recycler or designated collection point. If not recycling, break, crush, puncture and bury empty containers in a local authority landfill. If not available bury the containers below 500mm in a disposal pit specifically marked and set up for this purpose clear of waterways, desirable vegetation and tree roots. Empty containers and product should NOT be burnt.

## SAFETY DIRECTIONS

Severely irritating to eyes. Avoid contact with eyes and skin. When preparing product for use, wear elbow-length PVC gloves and face shield or goggles. After use and before eating, drinking or smoking, wash hands, arms and face thoroughly with soap and water. After each day's use wash contaminated clothing, gloves and face shield or goggles.

## FIRST AID

If poisoning occurs contact a doctor or Poisons Information Centre (TEL 131126). If in eyes, hold eyes open and flood with water for at least 15 minutes and see a doctor. If skin contact occurs remove contaminated clothing and wash skin thoroughly.

## SAFETY DATA SHEET

Additional information is listed in the Safety Data Sheet, which can be obtained from the supplier.

## CONDITIONS OF SALE

Kenso Corporation (M) Sdn. Bhd. will not accept any responsibility whatsoever and howsoever arising and whether for consequential loss or otherwise in connection with the supply of these goods other than responsibility for the merchantable quality of the goods and such responsibilities mandatorily imposed by Statutes applicable to the sale or supply of these goods. To the extent allowed by such Statutes the liability of Kenso Corporation (M) Sdn. Bhd. is limited to the replacement of the goods or (at the option of Kenso Corporation (M) Sdn. Bhd.) the refund of the price paid and where possible sufficient part of the goods to enable proper examination being returned to Kenso Corporation (M) Sdn. Bhd. within thirty days of delivery.
